

Sale of Arnfield Care Limited to its management

Strategic Corporate Finance advised the shareholders of Arnfield Care Limited on a vendor-initiated management buyout

Arnfield Care Limited operates a specialist independent school and two residential homes for children with challenging behaviour, in the care of local authorities.

Strategic advised the founders and owners of the business, Paul and Trish Keenan, on valuation and deal structure, before presenting the proposed deal to its management team - Managing Director Paul Knowles, Senior Registered Manager Elaine French, and Head of Care Wayne Relf. Working closely with the management team, Strategic then led a successful fundraising project that was delivered by Allied Irish Bank.

Commenting on the deal, Strategic Corporate Finance director Greg Barker said: “We are delighted to have facilitated the buyout of Arnfield Care – this transaction is a good example of vendors, management team, funders and advisors working collaboratively to achieve a great result.”
